THE CHANGING FACE OF TRINITY COLLEGE R.U.F.C.

The fall in number of available rugby players has been due to several factors:

- The arrival of women in 1978 in Trinity and the university reduced player count by 40%
- State school admissions of footballers replaced private school rugby players
- Foreign students lacking rugby culture grew from 4,000 in 2005 to 11,000 in 2025
- Falling popularity of rugby caused by safety concerns and lifestyle changes

Matches ceased during the season of the 2020 Covid pandemic.

The TCRUFC traditional kit from 1888 remained till 2000.

The Neville's court picture location was retained; different spots were used.

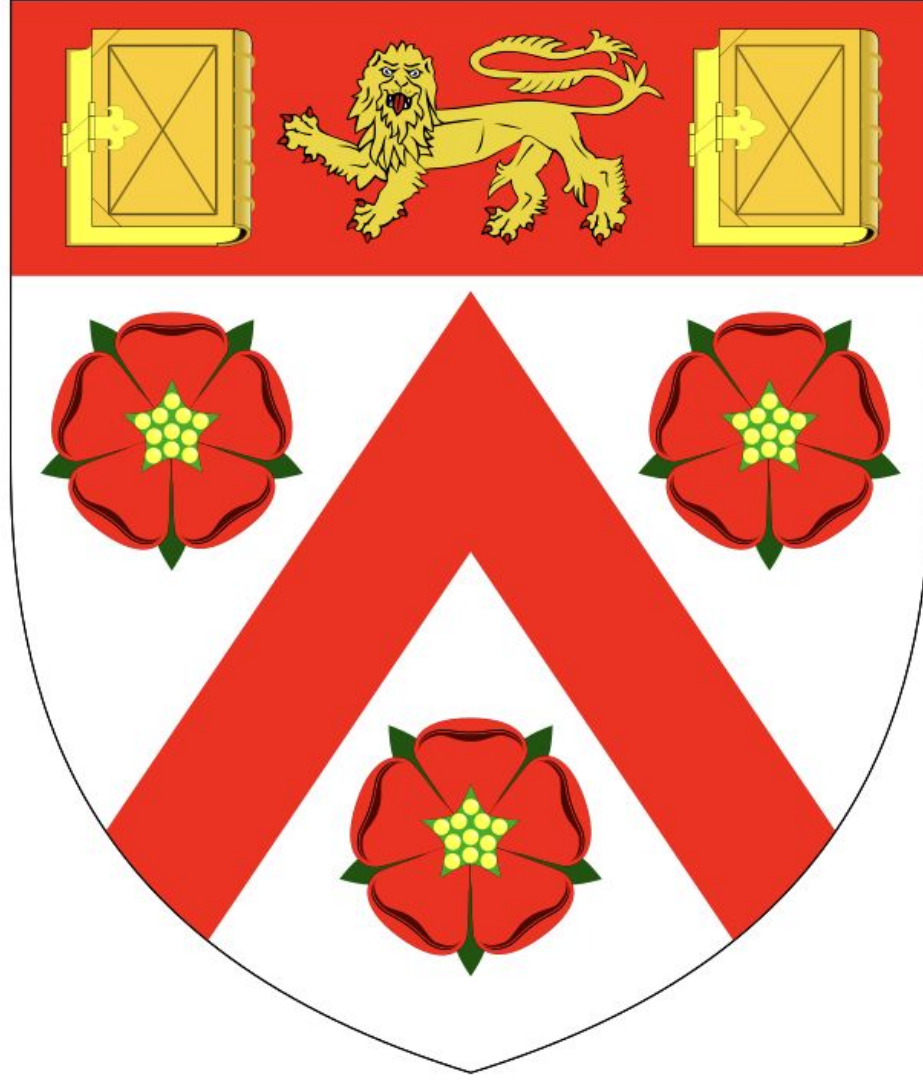

After the Noughties photo gap a new kit appeared in 2009

It changed again many times.

New picture locations were used

The merger with Christs in 2019 and then adding Trinity Hall, ended the existence of Trinity College RUFC
